

BUSINESS™ FOR ACCOUNTANTS

Powerful, Comprehensive, Simple.

Get real-time financial information flowing from operations. No old copies of accounting information. No waiting for file imports or clients to update their software.

Just live up-to-date information, when and where you need it.

WHY BUSINESS™ IS GREAT FOR ACCOUNTANTS

Break through the barriers set by limited software solutions like QuickBooks, Dynamics GP, MAS, and Peachtree. With robust security, strict financial controls, and state-of-the-art technologies, BUSINESS™ accounting can take you and your clients to the next level.
